STALL DOORS

FEATURES

- Stall Door options include: standard grill, drop front, yoke front, solid and mesh
- All 36 MWI stock colors available in stalls with normal lead time
- Powder-coat finish has a slight river-texture to help hide dirt & imperfections to aid in longevity
- Color-matched latch options and track packages available
- Horse stall systems fabricated from 14-gauge galvanized substrate
- Available standard with a 1 inch O.D. galvanized substrate for maximum protection
- Welds concealed for rust prevention
- All doors come standard with combination toe kick/bottom guide to allow for hidden stay roller

OUR GRILLS

GRILL

Choose the perfect grill for your horse!

14 GAUGE GRILLS:
One piece grills up to 144" long are available for stall fronts and partition walls. Grillwork is all galvanized substrate for maximum protection. All welds are concealed to prevent rust. Fronts are available with standard grills, feed openings or swing out feed door options.
